> A. A. Head Demands "Union League" Be Forced to Respect Territorial Rights.

> > BY DENMAN THOMPSON.

Predictions that the movement to launch a new league composed of four clubs from both the American Association and International League would stir up a lively borne out. Considerable talking and threatening has been done, but the first definite move in opposition to the plan is the protest filed with the national commission by President Tom Hickey of the American Association, who sets forth the rights of the Minneapolis, St. Paul, Milwaukee and Kansas City club owners will have been invaded if the "Union League" is established. In his petition Hickey Herrmann enforce the provisions of the national agreement guaranteeing protection for the territorial rights of all major and ninor leagues.

There can be no dissolution of the Association except by mutual consent," Hickey is quoted as saying "This means that the association will be back at the old stand doing business next year, and that all of the eight clubs now affiliated will be fighting for the pennant. All organized base ball amounts to be a pact to protect property rights of the clul wners. These rights must not be denied base ball is to exist under the present orm of government. We expect favorable

corm of government. We expect favorable action by the commission."

Whether Hickey's confidence is well counded may be considered doubtful in view of the fact that the national commission has no jurisdiction except in controversies between major and minor eagues, and the "Union League" will not be classed as a major.

leagues, and the "Union League" will not be classed as a major.

In reference to the threat of President Timme of the Milwaukee club to throw a monkey wrench into the machinery of the proposed new circuit by withholding use of the Toledo ball park, on which holds a lease, Roger Bresnahan, the Toledo mogul, declares he holds a sub-lease which will permit his use of the grounds in any manner he sees fit. Bresnahan hints at legal action to prevent Timme from gumming the "Union League" game

When the major league club waters get together shortly to consider the future of base ball hey will vote not only for the new form of player's contract It is the plan to reduce the term It is the plan to reduce the term of the contract to five months, covering the period from May I to October I. This means that a player who received \$5,000 for six months' work this year will be asked to sign a new contract calling for \$4,167. By cutting down all the players in this manner each club will lop off from \$15,000 to \$20,000 from its salary list, and the major leagues combined will save more than \$300,000.
